### RATES

\*The following rates are for most singular items. Products requiring additional set-up time such as gift baskets or jewelry are priced differently. Please call for an estimate.

\*Group shots of similar items will be priced accordingly. Please call for a quote.

\*A "pure white" background is a very popular choice for web photography. Please note that while a white seamless background paper is used, the finished photo will appear to have a slightly grey background. If you prefer, we can remove the background completely and add a subtle shadow to your items. Please refer to the rates below.

\*Should you choose a colored background, please be aware that the color of the background sometimes reflect onto the object.

Number of items	With background	Background removed
1-30 items	\$30/each and up	\$35/each and up
31-60 items	\$25/each and up	\$30/each and up
Over 60 items	Please call	

A **minimum of 12 items** is required to place an order.
